

All IQD Surface Mount Devices supplied on tape and reel will confirm to the Electronics Industries Association standard EIA-481F.

Leader and Trailer

- There shall be a leader of 400mm minimum of cover tape, which includes at least 100mm of carrier tape with empty compartments sealed by the cover tape.
- There shall be a trailer of 160mm minimum of empty carrier tape sealed with cover tape. The entire carrier tape shall release from the reel hub as the last portion of the tape unwinds from the reel without damage to the carrier tape and the remaining components in the cavities.

Bend Radius

The tape shall pass around a bend with radius 30mm without damage.

Camber

Not more than 1mm lateral movement across
250mm length of tape.

References

- All dimensions based on international standard EIA-481-F.

Statek Product

For specific details on Statek's tape and reel specifications, please refer to IQD's Technical Information page.

Tape (mm)

Reel (mm)

Generic Package Size	Generic Tape Width	W (max)	F	A ₀ (typ)	P ₁ (typ)	B ₀ (typ)	D ₁ (min)	T ₂ (max)	N (min)
